

SELF TESTING MAINTAINE EMERGENCY ILLUMINATION
SIGNS WITH WHITE LEDS

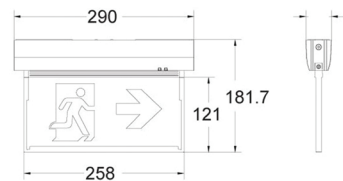

Features

- Modular structure configuration
- No stroboscopic, no radiation
- Easy and flexible mounting
- Safety and performance in accordance with IEC60598-1 / IEC60598-2-22

Ordering Information

Model No	Mounting Mode
SDUX-S24L-13	Ceiling Mounting

Product size

Technical Data	
Mains voltage	220-240V~50/60Hz
Operating Mode	Maintained
Rated Wattage	5.5W
Power Factor	0.45
Battery (LiFePO4)	3.2V/1.5Ah
Battery Life	Up to 4 years
Battery Protection	Overcharging and deep discharging protection
Recharging Time	24h
Minimum Emergency Duration	3h
Degree of Protection	IP40
Operation Temperature Range	ta:40°C
Viewing Distance	24m
Exit Signs	Replaceable
